

DISCUSSION

Applicant accepts Allowance of Claims 1-4 and 12 in this effort and will pursue Claims 5-11 and 13-15 in a CIP. Applicant strongly holds that Claims 5-11 and 13-15 are Allowable over Jellison 147 as said Claims have Priority back thereof, and because Jellison does not describe a Rotating or Rotatable Compensator system, but rather a Modulation Element system.

Please provide Notice of Allowance and Issue Fee Due.

Sincerely,

JAMES' D. WELCH
